

The following is a list of things that students can do on campus in connection with the International Year of Astronomy.

- 9/8/09 –
1/3/10
HRC Exhibit: “Other Worlds: Rare Astronomical Works”
Discover "other worlds" and the changing notions of the solar system, the moon, and the planets over the centuries. This exhibition showcases important astronomical discoveries of the last 500 years. Highlights include the Coronelli celestial globe (1688); Copernicus's *De Revolutionibus* (1543); first editions of works by Kepler, Galileo, and Newton; and the first map of the moon.
- 9/25/09
7:00 PM
HRC Lecture: Steven Weinberg, Nobel Prize winner and Professor in the Department of Physics at The University of Texas at Austin, discusses "The Uses of Astronomy."
- 11/4.09
12:00 PM
HRC Poetry on the Plaza: The Moon and the Stars
- 11/5/09
12:00 PM
HRC Curator’s Tour: Richard Oram, the Ransom Center’s Associate Director and Hobby Foundation Librarian, leads a lunch-time gallery tour of “Other Worlds: Rare Astronomical Works.”
- 11/9/09
7:00 PM
HRC Other Worlds Film Series: A collection of early silent films including the 1902 Georges Méliès short “A Trip to the Moon (*Le Voyage Dans la Lune*)”.
- 11/23/09
7:00 PM
HRC Other Worlds Film Series: Leslie Nielsen and Walter Pidgeon star in the 1956 sci-fi classic, “Forbidden Planet”, directed by Fred M. Wilcox.
- 12/7/09
7:00 PM
HRC Other Worlds Film Series: Robert De Niro, whose archive is housed at the Ransom Center, appears in “Stardust” (2007), directed by Matthew Vaughn.
