

How your grade for the class is calculated:

Your homework counts for 50% of your grade and the exams for 50%. There are 5 grades currently listed on UTDirect—your 3 homeworks, your first exam, and your midterm grade, which was calculated as follows:

$$\frac{\text{Homework total}}{140} \times 50 + \frac{\text{Exam Score}}{60} \times 50$$

Your raw score (from above) translates to a letter grade by the following curve:

- 92 and above --- A
- 80-91 --- B
- 66-79 --- C
- 50-65 --- D
- Below 50 --- F
